

A YOUTH EXCHANGE SPONSORED CATEGORY

The Department of Education's Assessment Section is proud to sponsor a Youth Xchange video category about how students may use statewide assessments to set themselves up for future success.

Hawaii's statewide assessments give you an opportunity to show what you know and what you are able to do. You must complete the tests all on your own—no cheating!

These test results help your teachers understand what your educational needs are so they can create more interesting and engaging lessons. They are important in helping you become successful lifelong learners.

Create an original 30-second Public Service Announcement (PSA) to illustrate to your fellow classmates how these assessments can help you set yourself up for success.

Apply your creativity to any message related to how assessments can help you succeed in school, such as:

- Some scores may be used for college placement
- Scores may be used to help guide teachers on how best to help you
