

# YOUTH XCHANGE 2022 STORM WATER

**SPONSORED  
CATEGORY:**

When it rains, water flows from our homes and businesses to our storm drains and then goes untreated into our streams and ocean. By keeping street gutters free of debris and installing green infrastructure on your property, you help minimize storm water runoff, debris build up, and pollution.

Please use your creative talents to create a public service announcement up to 1 minute that explains all about storm water.

**Learn more at:** [cleanwaterhonolulu.com](http://cleanwaterhonolulu.com)

*The City and County of Honolulu's Department of Facility Maintenance is proud to be a category sponsor!*

## **DETAILS TO INCLUDE IN YOUR PSA:**

- What is storm water?
- Why does it matter?
- How does it affect our environment?
- How can you be a Storm Water Hero?
- Different ways to minimize storm water runoff
- Different ways to keep storm water on property

We are excited to see your inspiring entries!
